The Change Certificate

Staples Nordic

(Staples Denmark, Staples Sweden, Staples Norway, Staples Finland)

have offset
greenhouse gas emissions equivalent to

714 t CO₂

additionally capture emitted CO₂ from the atmosphere by planting

1.428 trees

and enable the empowerment and support of additionally

8 Climate Justice Ambassadors.

Thank you!

Felix Finkbeiner
Initiator of Plant-for-the-Planet

Uffing am Staffelsee, July 1st 2020

Plant-for-the-Planet retired 714 Gold Standard Voluntary Emissions Reductions (VER) credits. These VER credits have been retired from the registry PERMANENTLY, no one else can hold or retire these credits.

VER credit serial numbers: GS1-1-TR-GS947-12-2013-3896-64995-65708

Retirement comments: Scope 1 & 2 for Staples Business in Nordic countries (SV, DK, NO, FI) in 2019

Originating carbon offset project: Killik Wind Power Plant, Turkey

Hereby it is confirmed that Plant-for-the-Planet will plant and maintain the above specified number of trees. A tree on the Yucatán Peninsula binds at least 200 kg of CO₂ before harvest. Should natural damage such as fire, storm, drought or plagues damage trees, Plant-for-the-Planet compensates for this by prolonging the life of other trees. Afforestation is scientifically supported by the Crowther Lab, ETH Zurich.
